MATERIALS TOTAL	**£0.00**

SCOPE: Nudura 6in XR35 external walls only, ground + first floor to the wall plate (12 courses = 5,486 above GF FFL), ICF starting on the slab (no footing blocks), plus the two front gables raked to the roof. Internal walls, partitions, chimney, roof, floors and finishes are NOT included. Pre-cut by BuildEase (optimised cut list); stock forms + accessories by the distributor from this BOM; alignment / props by the distributor. Concrete (core fill) approx. 39.1 m3 net: 152 core, 54.0 m of core centre line x 5,486 (12 courses) + the two front gables, less 14 openings - no allowance for waste or the pump line.

DESIGN ASSUMPTIONS (to confirm - drawing 9172-SK10 is PRELIMINARY): (1) the front bays are drawn fully glazed; they are modelled in ICF with corner piers, so the bay windows are reduced to 2,748 (lounge / bed 4) and 2,048 (study / bed 3) and the glazed bay returns are solid ICF; (2) rear kitchen bay doors 2,840 wide (pier rule); (3) the left front gable is ICF over the bay only - the oversailing gable wings are by others; (4) heights read from the elevations: GF FFL = ground + 150, wall plate 5,486; (5) chimney breast by others, no fireplace opening.

TERMS AND CONDITIONS

PAYMENT TERMS

Credit Account to be arranged upon placement of order subject to acceptance.

VAT

At Current Rate.

FIXED PRICE PERIOD

Our price will remain firm for a 1-month period from date of quotation.

The BuildEase kit will only be designed once an official order has been placed. Any special design considerations will be assessed at this time which may affect the final selling price of this kit.

DELIVERY

In the event of delivery being deferred by the client from timescale agreed at order stage, Tremco CPG reserve the right to invoice for those components manufactured or held in store to meet initial delivery date.

Should delivery date be deferred due to delays out of Tremco CPG's control:

- Tremco CPG reserves the right to charge for storage of components. This will be charged at £200 / wagon load / week.
- Tremco CPG reserves the right to re-schedule the design & fabrication works to our next available slot.

GENERAL

It is the clients / architects' responsibility to approve BuildEase design drawings. Tremco CPG reserve the right to change delivery dates accordingly should we not meet our target design freeze date due to the late return of design approval.

It is the customer's responsibility to ensure that foundations are prepared in accordance with dimensioned plans provided and level to tolerances detailed in the installation drawings provided. Foundations to be clean, dry and free from debris.

Tremco CPG reserve the right to claim for any additional or remedial works necessary resulting from any such defects.

It is the clients' responsibility to inform Tremco CPG of any defects and give us the opportunity to return and rectify any such defects.

We will not accept costs for any remedial works which are carried out without our prior knowledge.

It is the customer's responsibility to ensure that the project is covered by appropriate insurance such as one of the currently available contractors all risks policies, which cover materials, theft, fire, flood, etc.

All materials / components / services provided by Tremco CPG shall remain the property of Tremco CPG until all goods and services are paid for in full.
